PREFACE

It gives me immense pleasure to present to you the latest edition of **"Principles and Practice of Accounting"** Book for **CA Foundation** Students. I have tried my best to make it highly useful for students, by putting all the knowledge and experience of accounting subject, which I gained in last **26 years** of my teaching career.

This book offers following special and unique features:

- ❖ 100% questions of ICAI latest study material has been covered.
- ❖ All Past examination questions has been duly incorporated.
- ❖ Unique ICAI RTP and MTP questions has been duly incorporated.
- ❖ In each chapter practical questions are divided in two parts i.e. classwork and homework segments.
- ❖ All important and unique questions are highlighted which attracts the student to give extra focus on it.
- ❖ Summarized Answers are given below each question which helps the student to make self-evaluation. Complete solutions of homework section are also given at the end of each chapter to help those students who fail to solve it due to any reason.
- ❖ Nature of question is also mentioned beside each question, it will be very helpful at the time of revision.
- ❖ To give more conceptual clarity you will get my Video on tough and tricky homework and theory questions. It can be accessed by scanning the relevant QR Code given at the end of each chapter.
- ❖ At the end of each chapter Revision Video is also there, which can be accessed by scanning the QR Code.
- ❖ In last page, I have provided some useful QR codes on Topics like "Discussion of Topper's answer sheet, Interview with Toppers, How to proceed in preparation leave" etc.

Although utmost care has been taken to avoid mistakes, but possibilities of human error cannot be ruled out. So I request you to bring all type of mistakes into my notice and I would hearty welcome all suggestions to make it more useful for next edition.
